

Tustin Unified School District
HICKS CANYON
ELEMENTARY SCHOOL
3817 Viewpark Irvine, CA 92602

Dear Parents and Guardian: The Constitution of the State of California requires that we provide a public education to students free of charge. A student's right to a free education is for all school/educational activities, whether curricular or extracurricular, and whether a student gets a grade for the activity or class. Subject to certain exceptions, a student's right to a free public education means that we cannot require you or your students to purchase materials, supplies, equipment or uniforms for any school activity, nor can we require you or your student to pay security deposits for access, participation, materials, or equipment. Your school may require students to attend a fundraising event; however, if they are unable to raise funds for the event, we cannot prevent students from participating in an educational activity.

These exceptions are:

- Charges for optional attendance as a spectator at a school or District sponsored activity.
- Charges for food served to students, subject to free and reduced price meal program eligibility and other restrictions specified in law.
- Paying the replacement cost for District books or supplies loaned to a student that the student fails to return, or that is willfully cut, defaced or otherwise injured, up to an amount not to exceed \$10,000.
- Fees for field trips and excursions in connection with courses of instruction or school related social, educational, cultural, athletic, or school band activities, as long as no student is prevented from making the field trip or excursion because of lack of sufficient funds.
- Medical or hospital insurance for field trips that is made available by the school district.
- Charges for required medical and accident insurance for athletic team members, so long as there is a waiver for financial hardship.
- Charges for standardized physical education attire of a particular color and design, but the school may not mandate that the attire be purchased from the school and no physical education grade of a student may be impacted based on the failure to wear standardized apparel "arising from circumstances beyond the control" of the student.

- Charging for the parking of vehicles on school grounds.
- Fees for school camp programs, so long as no student is denied the opportunity to participate because of nonpayment of the fee.
- Reimbursement for the direct cost of materials provided to a student for property the student has fabricated from such materials for his/her own possession and use, such as wood shop, art, or sewing projects kept by the student.
- Reimbursement for the actual cost of duplicating public records, student records, or a prospectus of the school curriculum.
- Fees for transportation to and from school, and transportation between school and regional occupational centers, programs or classes, as long as the fee does not exceed the statewide average nonsubsidized cost per student and provided there is a waiver provision based on financial need.
- Fees for transportation of pupils to places of summer employment.
- Tuition fees charged to pupils whose parents are actual and legal residents of an adjacent foreign country or an adjacent state.
- Tuition fees collected from foreign students attending a District school pursuant to an F-1 visa, equal to the full unsubsidized per capita cost of providing education during the period of attendance.
- Fees for an optional fingerprinting program for kindergarten or other newly enrolled students, if the fee does not exceed the actual costs associated with the program.
- Fees for community classes in civic, vocational, literacy, health, homemaking, and technical and general education, not to exceed the cost of maintaining the community classes.
- Deposits for band instruments, music, uniforms and other regalia which school band members take on excursions to foreign countries.
- Charges for eye safety devices, at a price not to exceed the district's actual costs, in specified courses or activities in which students are engaged in, or are observing, an activity or the use of hazardous substances likely to cause injury to the eyes.
