2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Tustin Ranch Elementary (TRE) was built in 1995 and one of the first new schools in Tustin Unified in over twenty years, the first of the Tustin Ranch area schools. Our school represents cultures from all over the world. Tustin Ranch Elementary is committed to developing confident and responsible learners who aspire to achieve their personal best through critical thinking, collaboration, communication, and creativity. Our goal is to provide an inclusive, safe and supportive learning environment that celebrates diversity and promotes empathy. We set high academic standards for student achievement in engaging learning

2021-22 School Overview

environments. With the use of intentional technology, teachers provide strong instructional practices. Our staff strengthens their instructional practices through powerful professional development and learning in a culture where teachers utilize a growth mindset to seek current research-based best practices.

Teachers collaborate weekly to develop interactive approaches to teaching that invite students to excel in a learner-centered classroom environment. Our core belief is that all students can and will succeed. Student progress is reviewed through Progress Monitoring monthly with our intervention team to support students who are not meeting the academic benchmarks. Our TRE staff provides differentiated instruction within a caring and supportive campus climate with flexible learning spaces and integrated technology. Teachers and parents work together in a collaborative culture to provide enrichment opportunities that support academics and emotional wellbeing.

TRE is proud to be named an OC Tech Alliance Innovation School, a two-time CA State Gold Standard PBIS school, and two-time CA Gold Ribbon School. The top curricular goals for TRE are:

1. Provide a rigorous and engaging curriculum in English Language Arts and Mathematics
2. Provide instruction and intervention for students in wellness and social skills through Social Emotional Learning and Social Thinking curriculum maintaining and refining a strong positive school culture.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	22
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0
Unknown	0
Total Teaching Positions	22

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Tustin Ranch Elementary School was built in 1995. The school site accommodates over 600 students. The TUSD maintenance and grounds personnel maintain our facility and grounds with care. Our school library currently has over 10,000 books. There is an adjacent Sports Park, which provides additional areas for Physical Education, surrounds the playground, and is utilized for other school-related events. Our award-winning facility is a model for technology with over 625 devices in classrooms and in the STEAM lab. Solar panels were installed in the spring of 2020. We are also very proud to have Smart Boards, voice amplification systems, and document cameras in every classroom throughout the school. We are proud of our state of the art facility.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Parents at our school participate in virtual and in-person activities. There are many opportunities for our parents to become involved in the school virtually. The staff is eager for this support and collaboration because parent involvement supports student academic success. Each year, parents attend Back to School Night, two annual parent conferences, and Open House in the spring all virtually through Google Meet and Zoom. Students at Tustin Ranch are digital storytellers, creating movies of their grade-level experiences. TRE then hosts a virtual Family Movie Night to enjoy their production. Parents are encouraged to support their children at home academically and socially with our weekly Social Emotional Learning (SEL) digital platform for families. Parents are encouraged to join in the school's "Paws for the Cause", our Parent Teacher Association (PTA) which works in close partnership with the school staff. The PTA also sponsors Family Nights throughout the school year, such as Family BINGO night, Family SEL night, and Family Reading and Math nights to promote a very positive home-school partnership. These events will also take place virtually. Our School Site Council is composed of both community and staff members and meets regularly to monitor the School Improvement Plan and student achievement. For more information on how to become involved at the school, please contact Principal Kathi Denny at (714) 730-7580.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2020-21 Types of Services Funded

In addition to base funding, Tustin Ranch Elementary receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Tustin Ranch Elementary School's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning. The majority of these funds are used for staff development, instructional program support for our English Language Learners which includes materials, supplies, and technology to further meet the needs of all students.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

In prior years the teachers of Tustin Ranch have continued to refine their teaching practices based on Teachers College Units of Study for Readers and Writers Workshop as well as Cognitively Guided Instruction. Our dedicated teachers engage in collaborative planning weekly. The principal provides staff development meetings that focus on Social-Emotional Learning, Reading and Writing Workshop, Cognitively Guided Instruction, Digital Storytelling, and differentiated instruction. We continued to meet weekly in Professional Learning Communities to plan and target instructional practices, review student data with progress monitoring, review current technology and coding curriculum and integration, as well as student behavior supports. Teachers participate in teacher-selected professional development with our Instructional Coaches in-person and online throughout the school year. Many of our teachers attended district-led summer classes to build on their knowledge of these practices. The school leadership team meets monthly to discuss school-wide timelines, data, and systems to support student learning and positive behavior support systems.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
