School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Arroyo Elementary School's Vision: All Arroyo students will learn in a safe, supportive, challenging environment that fosters resiliency, kindness, and curiosity. Empowering our students with these foundational life skills will serve to cultivate invested, successful, responsible, and considerate global citizens.

Arroyo prides itself in delivering a 21st century instructional program that is differentiated to meet the needs of its diverse learners. In addition to providing students with a standards based curriculum, Arroyo teachers feel strongly that a balanced program is essential to meeting the needs of the whole child. As such, Arroyo provides students with opportunities to participate in activities that promote the arts, physical well-being, and projects that promote community service.

Arroyo's instructional goals are as follows:

Goal 1: All English learners will increase their reading fluency and comprehension by 2 levels each trimester of the 2020-21 school year, as measured by Literably and Fountas and Pinnell running record inventory.

Goal 2: All English learners will grow by one level in their overall language competencies by Spring 2021, as measured by English Language Proficiency Assessments for California (ELPAC).

Progress is monitored through a variety of means such as Running Records, teacher created common assessments, classroom observation and anecdotal records, as well as the results from the Interim Assessments. Progress is monitored regularly, with formal assessments being given at least once per trimester. Moreover, teachers engage in weekly focused grade level collaboration where they discuss student progress and outcomes as well as best practices in support of student success.

Arroyo is proud to have a very active PTA that funds a variety of school wide programs to support students. Our school wide instructional focus this year is CGI math. We also have a reading intervention program whereby certificated teachers provide reading support to small groups of students utilizing the Fountas and Pinnell Leveled Literacy Intervention System as well as a "book club" format for 3rd-5th grade students. In support of student wellness this year, a Social Emotional Learning Coach was hired to provide social skills learning opportunities to our students and support families as needed. Our certificated PE teacher provides standards based physical education instruction once a week to all students, giving teacher release time for grade level collaboration. Finally, we have a 21st century Mustang Maker Space where students engaging in coding, and engineer and design, hands-on learning experiences.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: October 2020

Tustin Unified School District sets a high priority upon ensuring that high quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home. Due to the impacts of Covid-19, for the 2020-2021 School Year, Tustin Unified School District is committed to providing curriculum and instruction support for virtual learning for all student K-12 grade implementing instructional materials and curriculum provided through Florida Virtual School (FLVS). FLVS was purchased to provide licenses for access to a catalog of online courses for students K-12. Teachers may teach these courses with an unlimited number of students.

On October 12, 2020, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Arroyo Elementary is a school that was built in 1965. During the summer of 2016 Arroyo received a major construction upgrade, demolishing the old portables that had been there since 1972, with nine brand new portables. During the 2019-2020 school year, a solar panel was installed on the field next to a play structure. The panel serves as a shade structure for students during recess time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	75	N/A	53	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

For the 2020-2021 school year, schools are operating in a hybrid model due to COVID-19 and state guidance on physical distancing. Although schools are operating in a new model, Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

For more information on parent involvement contact Katy Sheyka, Principal, 714-730-7381.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	0.0	0.2	2.7	2.1	3.5	3.5
Expulsions	0.0	0.0	0.1	0.1	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.3	1.3	2.5
Expulsions	0.0	0.1	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Date Last Reviewed by School Site Council: 2/14/20 (Pending 2/16/21)

Date Updated and Approved by School Site Council and TUSD: 2/14/20 (Pending 2/16/21)

Date Discussed by Staff: 8/11/20 and 1/13/21

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, attestation plan for COVID-19, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

Types of Services Funded (Fiscal Year 2019-2020)

In addition to base funding, Arroyo Elementary School receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

LCFF-EL funds were used to support students in designated small group instruction and used for ELPAC administration. PTA Funding provides for a credentialed Physical Education teacher who teaches all students in grades 1-5 once a week. The PTA also funds our school counselor who supports students in all grade levels in Social Emotional Learning. The PTA also funds intervention teachers to support students struggling in reading. They have also funded a MakerSpace Para-educator to support teachers and students with implementation of Next Generation Science Standards. Technological equipment such as SMARTBoards, iPads, projectors, classroom computers, Makerspace, and our mobile computer lab are funded by our PTA as well as District and site-based funds.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	11	11	13

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. This year was no exception, as staff and teachers had to prepare to teach as virtual instructors with a new platform and base curriculum to ensure equity and access for all students. Additional days of professional development occurred to prepare staff for Hybrid/Virtual learning. Staff development opportunities are also offered after school and by release time throughout the school year. Additionally, professional development is provided one non-student day in the fall and one afternoon per month after school. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

At Arroyo we continue to learn passionately from each other as we strive to improve student achievement levels and meet each child's unique needs. The Arroyo professional development focus each year is derived from the site signature practice. In 2018-2019 the emphasis has been primarily focused on mathematical practices, social-emotional learning, and digital storytelling. We are also extremely fortunate to have participated in the COTSEN family foundation Art of Teaching Program, and as Alumni, are given opportunities to attend professional development sessions through the foundation. The Fall Conference, Principal Breakfasts and Study groups, all provide teachers and administrators with training in "best practices" for instruction.

All teachers participate in school decision making by meeting weekly to evaluate curriculum, plan lesson delivery based on assessment data, share research, reflect on classroom practices, and confer about specific student challenges. Teachers and staff take advantage of two to three hours of the designated time for school site planning, curriculum and grade level planning, staff meetings, and site and district staff development.

Arroyo teachers are also given regular release time and grade-level planning days to work together on school-wide accountability for the CCSS. In grade-level teams, we conduct ongoing analyses of student performance data and adjust curriculum and long-range lesson plans accordingly. Grade level teams continue to map out strategies to meet standards and compare results of assessments to plan for additional staff development. By sharing strategies, teachers are able to pool understanding and organization of subject matter and develop meaningful data from assessments, as defined by the California State Standards for teaching and learning.

Paraprofessionals are given opportunities to participate in training as well, including supervision training, ABA training, etc.

Classified employees are given opportunities to participate in training, as well as to be part of the Classified Leadership Academy. These opportunities are optional but provide employees with additional training and support that they may need to further develop their professional goals.
