Red Hill Elementary School
## 2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Strong achievement for all students is the highest priority for Tustin Unified School District. Multi-tiered systems of support will be developed and implemented to address the academic, behavioral, attendance, and social-emotional needs of all students as they engage in a standards-based, rigorous academic program. The mission of Red Hill Elementary School is a commitment to providing an engaging and challenging instructional program for all students that meet those district priorities. We provide a safe and nurturing environment that promotes character-building and establishes a foundation for life-long learning and achievement. We are a dedicated community of students, staff and parents who work collaboratively for the success of all Red Hill students.

Red Hill Elementary will support school achievement through support in attendance, social-emotional needs, and academics as shown by increased achievement in ELA as measured by the California Dashboard utilizing CAASPP assessment data and attendance metric. The target subgroup for both areas in 2021-22 is English Learners. High standards, quality instruction, strong collaboration, and a strong sense of community guide Red Hill in achieving our mission. Our strength comes in the dedication all members of the Red Hill community have to provide an outstanding educational experience through strong programs for our students. The curriculum is both rigorous and comprehensive. Differentiated instruction is essential to meeting each student's needs individually, and progress toward goals is reviewed monthly by the school leadership team. Our practices are in Balanced Literacy and Cognitively Guided Instruction (CGI) as well as Positive Behavioral Incentive Systems (PBIS.) Coding, robotics, and digital storytelling are additional critical components to our school curriculum. Red Hill has 1-to-1 iPads from Kindergarten to 5th grade.

Parents are an integral partner in the success of our school. PTA support through volunteering and fundraising endeavors enrich learning opportunities and materials, including educational assemblies, Art Masters, the Red Hill Garden, upgraded technology, Red Hill Performing Arts program, physical education, and Social-Emotional Learning lessons throughout the campus.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	23
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)	0
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)	0
Unknown	0
Total Teaching Positions	23

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority upon ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2021, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at https://tinyurl.com/TUSD-Facility-Inspection-Tool. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Red Hill Elementary was built in 2001 and is maintained in excellent condition. Two additional shade structures in the lunch area were added in October 2008 with a third shade structure installed in the kindergarten play area in October 2018 to provide more comprehensive protection from the sun. Classrooms are organized along a covered, outdoor pedestrian paseo. A large multi-purpose room serves as the performing arts center and music room. The school is networked and wired to accommodate wired and wireless teaching and learning technologies that include technology centers. A data network and multimedia delivery system provide the latest computer software to assist with student learning-controlled by teachers in the classrooms. SMART Boards, Apple TV, projectors, amplification systems, and document cameras are in each classroom to support student engagement.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

For the 2021-2022 school year, schools are closely following CDPH Guidance to ensure the health and safety of students and staff, as well as the school community. Tustin Unified and school leaders are working hard to ensure that there are many opportunities in the district for parental involvement through virtual SSC and ELAC meetings, virtual parent and community meetings, participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Parents at the school typically participate in a number of different committees and activities such as parent/classroom volunteer, library assistant, noon duty supervisor, garden helper, Art Masters volunteer, after school sports coach, or Red Hill Performing Arts club. Due to COVID-19 restrictions in 2021-22, in-person volunteer opportunities have been limited and/or are restricted until further notice.

For more information on how to become involved at the school, please contact the school office at (714) 730-7543 or visit our PTA website: redhillpta.org.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2020-21 Types of Services Funded

In addition to base funding, Red Hill Elementary School receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's Single Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Additionally, our Red Hill PTA funds enrichment programs, technology for classrooms, and extra certificated staff to support instruction in physical education and social-emotional learning. Funding also supports professional development, equipment, instructional materials, technology, books, and media. Red Hill staff members actively pursue outside grant opportunities to fund classroom programs.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

Red Hill teachers are committed to providing an engaging and challenging instructional program for all students. This commitment leads to teachers continually developing as professionals and pursuing opportunities to maintain life-long learning. Teachers can participate in Professional Development through district offerings, as well as through the school site. Training focuses on the areas of Dyslexia, Balanced Literacy, Cognitively Guided Instruction for Mathematics, Digital Storytelling, Social-Emotional Learning, and Technology. Additional professional development opportunities throughout the school year are determined by teacher surveys in conjunction with assessment data. On selected Wednesdays each month, time is allotted for teachers to participate in these learning opportunities to promote professional growth. Topics include but are not limited to: Google Classroom, Digital Storytelling, and supporting students with challenging behaviors.

Red Hill teachers are also given regular release time and grade-level planning days to work together on school-wide accountability for state and district academic standards. In grade-level teams, teachers conduct ongoing analyses of student performance data and adjust curriculum and long-range lesson plans accordingly. Grade level teams continue to map out strategies to meet standards and compare results of assessments to plan for additional staff development. By sharing strategies, teachers are able to pool understanding and organization of subject matter and develop meaningful data from assessments, as defined by the California State Standards for teaching and learning. Teachers have also received professional development in the areas of Balanced Literacy and Cognitively Guided Instruction through a lab/teaching experience model. Previously teachers have gone in to see an element of the workshop instructional model and then reflect on the lesson with the District Connect Coaches.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview	On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).
	Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.
	Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.
	The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.
	For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
