II. ACTIVITIES OF THE TUSTIN UNIFIED SCHOOL DISTRICT CITIZENS' OVERSIGHT COMMITTEE:

Minutes describing the activities of the Tustin Unified School District Citizens' Oversight Committee are available as public reports and are available on the Committee website.

For more complete descriptions of actions by the Tustin Unified School District (District) Citizens Oversight Committee (COC) please see Minutes of the corresponding meeting posted on the COC Website. All approved Minutes and Annual Reports are, and have been, posted on the COC Website: <http://www.tusdmeasureg.org>.

Additional documents and reports are posted in the COC Website in accordance with the directives of the COC.

III. CITIZENS' OVERSIGHT COMMITTEE (COC) FINDINGS FOR FISCAL YEAR 2008/2009:

In order to comply with the requirements of Proposition 39, the COC needs to make certain findings as to activities of the COC and the use and expenditure of Measure G Bond proceeds. The COC hereby finds and determines as follows:

1. COC has met regularly.

The meetings of the COC are briefly described above. Minutes of the COC meetings are on file with the School District and are posted on the COC Website at <http://www.tusdmeasureg.org>. Agendas for meetings of the COC are also posted on that website.

2. COC has received reports, updates, and information on the expenditure of the Measure G Bond funds, and reviewed project expenditures made on projects authorized under Measure G.

The COC has received various reports (both written and oral), including, but not limited to, construction and project timelines, has taken tours, has received written and oral updates and reports on expenditures relating to the Measure G Bond funds. Those reports and documents are briefly described in the Minutes of meetings, as described above.

A complete list of the reports provided to the COC is available at the School District offices for public review upon request. Information on COC handouts and documents is also located on the COC Website.

3. The COC has Visited Schools and Project Sites.

These visits included the school sites mentioned in the Committee minutes.

4. Measure G Series B and Series C Bond funds have been expended on the identified projects authorized by Measure G (Education Code Section 15278(b)(1)).

Based on the documentation and information provided to the COC, as referenced herein, the COC has found, pursuant to Education Code Section 15278(b)(1) that the expenditures of Measure G Bond funds by the School District have been made on costs, expenses and construction/acquisition/installation costs of projects authorized by Measure G.

The specific projects authorized by Measure G are posted on the COC website at <http://www.tusdmeasureg.org>. Construction updates on the Measure G projects can also be found at that same website.

5. No Measure G monies have been spent on teacher/administrator salaries or other school operating expenses (Education Code Section 15278(b)(2) unrelated to the Bond issue.

Based on the documentation and information provided to the COC, as referenced herein, the COC has found, pursuant to Education Code Section 15278(b)(2) that the School District has not expended Measure G Bond funds on teacher/administrator salaries or other school operating expenses.

6. 2008-09 Audit Reports were reviewed, received and filed with the COC.

The required annual performance and financial audits for Fiscal Year 2008-2009 were performed by the accounting firm of Nigro, Nigro & White, PC. The audit reports were reviewed, received and filed by action of the COC. Copies of the audits are attached to this Annual Report as Attachments "A" and "B" and incorporated herein by this reference. The COC notes that the audits did not report any irregularities or failures to comply with statutory and Constitutional requirements (i.e. the audits are "clean"). The 2008-09 audit reports can be viewed on the internet at <http://www.tusdmeasureg.org>.

7. The COC has received all necessary and requested technical and administrative assistance from the School District (Education Code Section 15280).

Under the requirements of Education Code Section 15280, the School District is required to provide the COC with all necessary technical and administrative assistance without expending Measure G Bond funds. The School District has made presentations to the COC, provided documents and information as set forth herein, and has provided necessary and requested architectural, construction management, legal and planning support and assistance to the COC. Based on the foregoing, and the documentation and information provided to the COC, as referenced herein, the COC has found that the School District has provided all necessary and requested technical and administrative assistance without expending Measure G Bond funds.

8. COC Website is operating and includes all required documentation and information (Education Code Section 15280(b)).

The COC internet website is operated and maintained by the School District Board on behalf of the COC and is currently located at <http://www.tusdmeasureg.org>. Information relating to the COC, its activities and documents can be viewed at the COC website. This includes minutes of the COC meetings, the 2008-2009 audit reports and other reports issued by the COC, which will include this Annual Report following its adoption.

9. Based on the foregoing, the Tustin Unified School District is in compliance with the requirements of Article XIII A 1(b)(3) of the California Constitution.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial and performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1A, the financial statements present only the individual Measure "G" General Obligation Bond Building Fund and are not intended to present fairly the financial position of the District in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure "G" General Obligation Bond Building Fund of Tustin Unified School District, as of June 30, 2009, and the results of its operations for the period then ended in conformity with accounting principles generally accepted in the United States of America.

Licensed by the California
Board of Accountancy

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2009 on our consideration of the Measure "G" General Obligation Bond Building Fund of Tustin Unified School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

On November 5, 2002 the District voters authorized \$80,000,000 in General Obligation Bonds (Measure "G") for the purpose of financing the repair and construction of school facilities within the District. The measure was approved when more than 55% of the persons voting on the proposition voted to authorize the issuance and sale of general obligation bonds. The Committee's oversight goals include reviewing and reporting on the proper expenditure of taxpayers' money for school construction, that bond funds are spent on projects included on the ballot, and that annual independent performance and financial audits are performed.

On June 26, 2003, the District issued the first series of bonds, Series A, in the amount of \$15,000,000. On May 25, 2006, the District issued the second series of bonds, Series B, in the amount of \$17,350,000 and a refunding bond in the amount of \$8,604,947. On April 17, 2008, the District issued the third series of bonds, Series C, in the amount of \$22,642,972. The bond proceeds and uses are accounted for in the District's Bond Building Fund. The statements presented are for the individual Measure "G" General Obligation Bond Building Fund and are not intended to be a complete presentation of the District's financial position or results of operations.

On November 4, 2008, an election was held in the District, whereby the voters approved by a 58.5% vote Measure "L", which authorizes the District to issue up to \$95 million of general obligation bonds. The bonds will be used to acquire, construct, renovate, upgrade and provide repair of existing school facilities. As of June 30, 2009, no Measure "L" bonds have been issued.

B. Accounting Policies

The Tustin Unified School District accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

MEASURE "G" GENERAL OBLIGATION BOND BUILDING FUND OF
TUSTIN UNIFIED SCHOOL DISTRICT

Notes to Financial Statements

June 30, 2009

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

The financial statements of the Measure "G" General Obligation Bond Building Fund are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

D. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30. If there is a balance on a contract encumbered at year end that has not yet been earned, the balance is moved as an encumbrance into the next fiscal year. This allows for continuity in tracking contracts.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 – CASH

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations. Investments of debt proceeds held by trustees are governed by the provisions of debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities up to 30 years.

NOTE 2 – CASH (continued)

Policies and Practices (continued)

Cash in County Treasury – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

The authority to invest District funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its web site. The table below identifies some of the investment types permitted in the investment policy:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer

NOTE 2 – CASH (continued)

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are described below:

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The District maintains an investment with the Orange County Investment Pool with a fair value of approximately \$16,228,164 and an amortized book value of \$16,199,749. The average weighted maturity for this pool is 266 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investment with the Orange County Investment Pool is rated Aa2 by Moody's Investors Service.

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2009 in the amount of \$20,333 represent the amount due from the County Treasurer for interest earnings and other miscellaneous amounts for the month ended June 30, 2009.

NOTE 4 – INTERFUND TRANSACTIONS

Interfund activity is reported as loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

A. Due From/Due To Other Funds

Interfund receivables and payable balances as of June 30, 2009 are as follows:

Capital Facilities Fund due to Building Fund for stadium repairs	\$ 208,486
Building Fund due to General Fund for tax liability costs	\$ 1,890

NOTE 5 – MEASURE "G" GENERAL OBLIGATION BONDS

The District authorized bonds at a regularly scheduled election of the registered voters of the District held on November 5, 2002, at which more than 55% of the voters authorized the issuance and sale of \$80 million of general obligation bonds to finance the construction of new facilities, such as multipurpose rooms, renovation and improvements of existing schools and to fund a portion of the cost of the construction of a new elementary school.

A summary of outstanding general obligation bonds follows:

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

We have audited the accompanying balance sheet of the Measure "G" General Obligation Bond Building Fund of Tustin Unified School District (the "District") as of June 30, 2009, and the related statement of revenues, expenditures and changes in fund balance as of and for the year ended June 30, 2009. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In planning and performing our audit, we considered Tustin Unified School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tustin Unified School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Tustin Unified School District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliability in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

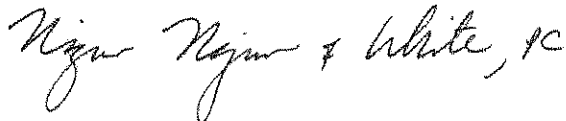

Licensed by the California
Board of Accountancy

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We identified no deficiencies in internal control over financial reporting that we consider to be material weaknesses, as described above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tustin Unified School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Measure "G" Bond Oversight Committee, the District Governing Board, management, and the taxpayers of Tustin Unified School District and is not intended to be and should not be used by anyone other than the specified parties.

In connection with our audit, we also performed an audit for compliance as required in the performance requirements for the Proposition 39 Measure "G" General Obligation Bond for the fiscal year ended June 30, 2009. The objective of the examination of compliance applicable to the District is to determine with reasonable assurance that the proceeds from the sale of the bonds were only used for the purposes set forth in the ballot measure and not for any other purpose, including teacher and administrator salaries and other operating expenses.
