## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2018-19)**

Hewes Mission is to maximize student learning and personal responsibility through a rigorous curriculum, a respectful environment, and the collaborative efforts of staff, students and parents to acquire 21st century skills necessary to prepare our students for a global community. In our 52nd year, Hewes embraces our mantra: Rich Past. Bold Future.

At Hewes Middle School, our vision is founded in our understanding that middle school students are unique and are undergoing major changes in all aspects of their development. We believe that a positive Hewes Middle School experience is vital to a child's desire to continue in education, the development of his/her self-esteem, and the achievement of his/her full potential. It is with this philosophy that Hewes Middle School employs a comprehensive, multifaceted process for developing and communicating a common vision for our students. Our mantra is Hewes: Rich past. Bold future.

Each year, the vision process takes on many forms. Hewes will strive to ensure that all students will be able to think critically, communicate effectively, pursue creativity and work in collaborative teams which will be enhanced through the use of technology. It is naturally non-linear and complex, mirroring the unique characteristics of the student body and the learning needs of individual students. Hewes' School Site Council (SSC), Professional Learning Communities (PLCs), PTA, English Language Advisory Committee (ELAC), GATE, Associated Student Body (ASB), K-12 Subject Area Council Meetings (SAC), Positive Behavior Intervention Systems (PBIS) Committee, Tutorial Committee and Leadership Teams are the established fundamental collaborative teams who work with the staff to ensure that Hewes' learning is focused on maximizing learning for all students. These collaborative teams work together on a monthly basis to clarify the intended outcomes of each grade level and ensure the implementation of a common core curriculum. The common core curriculum will ensure that all courses provide rigor, innovation and written explanations. This rigor will provide knowledge built in reflection while allowing students to build relationships which ensures that all learning is relevant. Hewes is a WASC Accredited School and California Gold Ribbon School as well.

### **Student Enrollment by Grade Level (School Year 2017-18)**

<b>Grade Level</b>	<b>Number of Students</b>
<b>Grade 6</b>	317
<b>Grade 7</b>	311
<b>Grade 8</b>	336

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Teachers	School			District
	2016-17	2017-18	2018-19	2018-19
With Full Credential	40	36	40	917
Without Full Credential	0	0	0	2
Teaching Outside Subject Area of Competence (with full credential)	4	3	2	53

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2016-17	2017-18	2018-19
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	4	3	2
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)**

**Year and month in which data were collected:** October 2018

On October 22, 2018, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The Hewes facility, although forty-nine years old, reflects a caring and nurturing environment. Often compared to a Hacienda, classrooms encircle the central quad areas where students, staff and parent volunteers gather outside of instructional periods. Though well protected from outside intrusion, the campus in itself provides a sense of openness that invites interaction and involvement.

As a result of the passage of TUSD's 2004 Measure G, Hewes Middle School underwent major renovations. During this renovation Hewes received a new roof, exterior doors, drinking fountains, concrete walkways, paint, handicap railings, and upgraded staff, student and physical education bathrooms. Also, with the passage of TUSD's 2008 Measure L, Hewes Middle School had a new gym that opened in November of 2012. This new facility is an Activity Center which is approximately 13,000 thousand square feet and includes a lobby, gymnasium/multipurpose area, sports flooring, retractable bleachers, storage space, restrooms, performance area and two adjoining classrooms. The Hewes PTA has also funded many projects including new signage, bottle filling stations, and collaborative furniture

As a result of Measure S, Hewes, underwent renovations to 5 science classrooms during the summer of 2014 to make them more modern. New electrical systems, technology stations and all new student furniture and teacher storage were added, making the rooms look like new.

Hewes physical environment is a priority to all members within this learning community. Each year Hewes PTA's Campus Beautification program and ASB raise thousands of dollars to add trees, benches, seating areas, umbrellas, flowers and fountains. Several Eagle Scout projects have also added to the overall enhancement of the campus grounds. These ongoing beautification efforts have greatly enhanced the Hewes campus appearance including drought tolerant gardens.

**School Facility Good Repair Status (Most Recent Year)**

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students  
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	66.0	69.0	62.0	63.0	48.0	50.0
<b>Mathematics (grades 3-8 and 11)</b>	59.0	64.0	52.0	53.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

**California Physical Fitness Test Results (School Year 2017-18)**

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

**Opportunities for Parental Involvement (School Year 2018-19)**

One of the strongest elements of the Hewes culture is the connection between school and community. Hewes has an invitational climate where students, family and staff are frequently invited to become meaningful contributors to the school learning environment. Hewes PTA excels in supporting school wide academic and enrichment programs through thousands of volunteer hours and fundraising events. Hewes PTA opens its doors to hundreds of parents by offering over forty board and chair positions on the PTA Board. Parent education programs are offered as many as five times per year and we encourage all parents to volunteer in some capacity during their student's time at Hewes Middle School including topics on Technology use and Cyber Safety.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

### School Safety Plan (School Year 2018-19)

Date Last Reviewed by School Site Council (SSC): 10/17/18

Date Updated and Approved by SSC: 10/17/18

Date Discussed by Staff: 8/7/18

Hewes Middle School works continually on maintaining a safe environment for students and staff. Through monthly safety committee meetings with campus supervisors, custodians, academic/at-risk counselors, and the assistant principal, potential concerns and evaluation of campus safety are practiced routinely. Ongoing staff discussions regarding classroom safety, supervision and the Hewes progressive discipline program for students are revisited annually and revised as necessary.

Communication to parents and students are essential to the maintenance of a safe campus. Hewes Middle School is committed to keeping a safe and orderly environment on the campus and within the community. In order to continue improving upon this commitment, data from the California Healthy Kids Survey, input from the Parent Teacher Association, SSC/ELAC and GATE committees, along with discipline records are used to develop and publish the 2017-18 school year objectives and goals.

The School Safety Plan was discussed with the faculty at staff meetings, and discussed within the PBIS Committee through discussion in reference to school safety goals.

Plan Elements:

Our School Safety Plan includes the following elements: Child abuse reporting procedures, Mandated Reporting, disaster procedures, routine and emergency (SEMS); suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; sexual harassment policy; provisions of any schoolwide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; school safety goals and objectives.

### Average Class Size and Class Size Distribution (Secondary)

Subject	2015-16				2016-17				2017-18

Note: Cells with N/A values do not require data.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

**Types of Services Funded (Fiscal Year 2017-18)**

Hewes Middle School values ongoing staff development to improve instructional practices resulting in student mastery of the California state standards. In order to support school wide best teaching practices and strategies, multiple staff development opportunities in the areas of AVID, STEM, School-Wide Writing, Technology and iPad integration, Thinking Maps, ELD Strategies, and professional development opportunities in math. ELD Instruction sections have been provided and supported through all funding categories (LCFF - ELL, General).

## Professional Development (Most Recent Three Years)

---

Hewes Middle School faculty members attend several district wide professional development days, including optional trainings. These professional development opportunities are provided on an annual basis to all teachers. Input from teachers provide the focus for the topics in staff development. Educational Services coordinates all training, facilities and speakers.

In addition to TUSD's professional development opportunities, Hewes Middle School provides ongoing professional development opportunities that support the school's overall vision. Hewes faculty members receive staff development in the areas of AVID, Common Core, ELD Instruction, Illuminate Data Systems, Professional Learning Communities, Technology, Thinking Maps, TUSD Connect Coach, and digital learning tools such as Pear Deck, Actively Learn, and Google Classroom. Further, teachers work with Connect Coaches and ELD Coaches to get coaching in meeting the needs of diverse learners to enhance learning. School-wide, each department has set specific SMART goals to support writing across the curriculum and in support of "TUSD Writers." The format we are further working in is CER (Claim Evidence Reasoning). Our past three focuses (with a TUSD Connect lens: rigorous standards, engaging teaching strategies, utilizing technology)- 2016-17 was Reading for Depth in all subject areas, 2017-18 was the launch of a focus in school wide writing to demonstrate critical thinking, and 2018-19 continues to focus on school wide writing with a narrowed focus of refining the Claim, Evidence, Reasoning format.

Hewes has also been WASC accredited and we have 2 teachers that teach STEM that recently completed their CTE credentials (Career and Technical Pathways). We have added 6th grade STEM to our elective wheel as well this year. Also, Hewes Middle School was a National AVID Demonstration Site in the past which requires a team of teachers and administrative team to attend a three day AVID Summer Institute. This staff development ensures school wide implementation of AVID strategies and consistent implementation of best teaching practices.
