The **Student Data Confirmation** process is designed for parents / guardians with **existing** Aeries Parent Portal accounts. Portal accounts are created automatically in our Aeries system from provided emails. Accounts cannot be created by parents or students through the Portal. Please see Portal FAQ for more information.

The **Student Data Confirmation** process will appear at the top of the page instructing you to Click Here to confirm the information about your student.

From Mobile Device ->

This process can also be accessed through the menu system: Student Info / Data Confirmation and is always available to allow parents the ability to keep their child’s records up to date (Student, Contacts and Medical History sections). Family Information

The first screen will display Family Information.

Please select whether or not at least one parent/guardian of this student is active in the United States Armed Forces:

Yes, at least one parent/guardian of this student is active in the United States Armed Forces.

No, this student does not have a parent/guardian who is active in the United States Armed Forces.

Please select one of the following options to complete the residence survey:

Temporary Shelters
A temporary residence provided for homeless individuals who would otherwise sleep on the street or a temporary residence provided to individuals in emergency situations. This is also applicable to children who are in temporary residences awaiting permanent placement in foster care.

Hotels/Motels
A temporary residence for homeless individuals usually requiring payment or vouchers for lodging and services on a daily, weekly, or monthly basis.

Temporarily Doubled Up
A temporary residence where a homeless family is sharing the housing of other persons due to the loss of housing, economic hardship, or other similar reasons.

Temporarily Unsheltered
A type of residence for homeless individuals that is not meant for human habitation, such as cars, parks, sidewalks, abandoned buildings, campgrounds, trailer parks, bus and train stations, or persons abandoned in the hospital (on the street). A rule of thumb would be to see the dwelling as comparable to an automobile in that it shelters but is not adequate housing.

None of the above
You may select this option if none of the above home situations apply to this student.

Please select one of the options to each questions to complete the survey.
