# Families and Communities Together (FaCT)

## Program Overview

Launched in 1994, Families and Communities Together (FaCT) is a network of 15 Family Resource Centers (FRCs) located throughout Orange County's highest-risk communities providing essential family support services, education, and resources. FaCT is administered by the County of Orange Social Services Agency, in partnership with the FaCT Coalition of Charitable Ventures of Orange County, The Olin Group, and the Orange County Alliance for Children and Families. The FaCT Coalition facilitates the planning, implementation, evaluation, and support of services and activities that maximize the benefits offered by the FRCs. Programs and services receive funding from federal, state, and county agencies including U.S. Department of Health and Human Services-Promoting Safe and Stable Families, Office of Child Abuse Prevention, California Emergency Management Agency, the County of Orange, as well as volunteer, in-kind support, and private donations.

## What is a FaCT Family Resource Center?

Each FRC is a family-friendly, community-based site that provides access to comprehensive prevention and treatment-oriented social, educational, and health services for all families, including birth, blended, kinship, adoptive, and foster families. FRCs serve as vehicles for engaging local residents and community organizations in the identification

and resolution of community concerns related to raising healthy children. Every FRC is unique to its community; services are offered by multicultural and multilingual staff that reflect the surrounding neighborhoods and the families they serve.

## Core FRC Services

Services are offered at all FaCT-funded FRCs

- Adoption & Promotion Services

## Additional FRC Services
