

MISSION STATEMENT

We are Knights.

We readily meet the challenges of the twenty-first century through rigorous academic study that prepares us to make our complex, interconnected, and changing world a better place.

We challenge ourselves to think critically and become self-directed, lifelong learners.

We pride ourselves on our integrity, loyalty, compassion and creativity.

We foster a diverse and supportive environment of open communication, academic excellence, technological innovation and communal inclusivity.

We are many. We are one. We are Knights.

Vision

**Every Student, Inspired to Learn,
Empowered to Excel, Every Day**
