

FSA ID

Both students and parents need an FSA ID. If you do not already have an FSA ID (a username and password) you can create one by visiting: **fsaid.ed.gov/fsaid**

The screenshot shows the 'Create a New FSA ID' page on the Federal Student Aid website. The page header includes the 'Federal Student Aid' logo and the text 'PROUD SPONSOR of the AMERICAN MIND®'. The main content area contains the following text:

Create a New FSA ID
An FSA ID is a username and password that gives you access to Federal Student Aid's online systems and can serve as your legal signature.

Only create an FSA ID using your own personal information and for your own exclusive use. You are not authorized to create an FSA ID on behalf of someone else, including a family member.

You are not allowed to have an employee or agent of a commercial entity, or other third party, create an FSA ID for you for any purposes including but not limited to: payment reductions, debt consolidation or applying for aid. Misrepresentation of your identity to the federal government could result in criminal or civil penalties.

Important: When you are done, select the CANCEL button to clear your data even if you did not finish creating your FSA ID. Just closing your browser window or going to another website may not be enough to prevent other people using this computer from seeing your information until the session expires.

At the bottom of the page, there are two tabs: 'Create an FSA ID' (which is selected) and 'Manage My FSA ID'. Below the tabs, the text reads: 'Create your FSA ID username and password below.'

Step 1

Create a username and password **Make sure to write down your password somewhere safe**

Step 2

Enter your Personal Identification Information: name, date of birth, Social Security number

Step 3

Complete Profile Information: e-mail address, street address, and mobile number

Step 4

Answer Challenge Questions, review your information, and read & accept the terms and conditions

Step 5

Confirm your mobile number and email address using the secure code, which will be sent to the mobile number and email address you entered when you created your FSA ID. Once you verify your email address, you can use it instead of your username to log in to the website

You can use your FSA ID to sign in to FAFSA right away. For help, visit StudentAid.gov/fsaid
